

Dear all DAI members,

First, my deep condolence to you all, death of Mr. Azimi was so sad for all of us, I think I have lost a kind father. I am sure his soul is calm. It is really hard for me in Herat to continue without him, but it makes me patient when I can do what he wished for the people.

After approval of the first emergency help by DAI I have received a call from Mr. Azimi concerning need of an urgent assistance to the poor people of Afghanistan, when he found we have organized that, he became so happy.

❖ Emergency Help - Gebrail

First part of help has been organized for 150 families of Jebrail who had lots of calls to me on need of having assistance for the poor people of the region.

As the population of Jebrail is high with hundreds of families, listing of the most needy and poor families were not easy. Mr. Nikzad a teacher of Jebrail's high school could list the families very well and the distribution of food items has done for around 3 hours.

Their offer was to increase the number of families by decreasing the quantity of items, 10 kg rice instead 20, and 3 litters oil instead 5.

Food items of Gebrail:

150 of rice

150 oil

❖ Emergency Help – Herat city

In Herat city I could distribute for 75 families food items but with lots of change in the kind of materials, below is list of items in one package.

2 Kg pea

1 Kg beans

2 Kg lentils

1 Kg mung bean

1 Kg powder

1 Kg tomato paste

1 Shampoo

1 Soup

1 Bleach

1 Dish soap

5 Pasta

1 Kg sweet

All the food items have been distributed, the last one who has taken his food items was the teacher who has lost his job and forced to go outside for finding money by asking the people. I had a short talking with him concerning his life and listened his problems. He was a teacher in two different private schools. He didn't want to talk his problems in a video clip and I didn't forced him to do it, but it was so hard an educated teacher had to cadge because of his family.

Food items of Herat distributed with a little delay because of Mr. Azimi's death.

In the second emergency help for 225 families different kinds of food items distributed in Jebrail and different parts of Herat city.
